strong, Yale. Field judge—Givem, Georgetown. Headlinesman—Stuart, North Carolina.

Harvard Wins, 6 to 0.
WEST POINT, N. Y., Oct. 29.—A blocked kick and a forty-yard run to the goal line in the third period by Captain Withington, of Harvard, and a goal following was the only score in the game with West Point today. The cadets, who, two weeks ago trounced Yale, 9 to 3, could make no headway against the Crimson and played entirely on the defensive. But the cadets did some great work in this line and as the last period drew to a close, the cadets, already beaten, saved a second touchdown by a grand stand on their three-yard line and got the call on downs.

The entire play was in West Point territory and the cadets never had the ball nearer the Crimson goal than the middle of the field.

Few spectacular plays were used and only four forward passes were tried. Harvard resorted to straight plunges and did not uncover any trick plays except in the last half.

Summary:
Harvard, 6; West Point, 0.

Touchdowns—Withington. Goal—Fisher. Officials—Referee, Pendleton, of Bowdoin. Umpire—Sharp, of Yale. Field judge—O'Kesson, of Lehigh. Linesman—Vail, of Pennsylvania. Time of periods—12 minutes.

Vanderbilt Coups the Game.

NASHVILLE, TENN., Oct. 29.—A spectacular run of 90 yards by Quarterback Morris, of Vanderbilt, was the main factor in Mississippi's defeat by the Commodores here today—the final count being 9 to 2. Vanderbilt scored a touchdown and goal with a field goal by Captain Neely, while Mississippi's score was a safety that resulted when Captain Neely fumbled and then booted the ball behind his own goal line, falling upon it.

Sailors Lose, 15 to 5.

NORFOLK, VA., Oct. 29.—By the score of 15 to 5, the Norfolk Light Artillery Blues today defeated the second eleven from the United States Receiving Ship Franklin. The sailors played a steady uphill game, and the Blues had the hardest battle of the season to defeat them.

Tulane Loses Hard Battle.

LEXINGTON, KY., Oct. 29.—Tulane lost a hard-fought football game to the state University of Kentucky here today, 3 to 10. The visitors gave the local enthusiasts the first sight of the new substitute rules, calling a drop-kicker from the side lines to make their field goal and then replacing him by the man whose position he took, in the next period.

Georgia Defeats Mercer.

ATHENS, GA., Oct. 29.—Georgia defeated Mercer here today by the score of 21 to 0. In the first quarter neither side was able to do any damage, in the second and third quarter Georgia scored one touchdown each, goal being kicked in each instance. In the last quarter a field goal and another touchdown and goal brought the score to 21 to 0. Both sides worked the forward pass several times.

Sewanee Takes the Game.

NEW ORLEANS, LA., Oct. 29.—In a very one-sided game, Sewanee defeated Louisiana State University 31 to 5 here this afternoon. Sewanee netted four touchdowns, a safety and two field goals, both kicked by Gillen from the thirty-yard line. Sewanee's backfield was much the superior, but Louisiana's line held well. Browne, Sewanee's little quarterback, did sensational work.

Some Bomb Throwing, Maybe. Just what methods will be used to

demonstrate the aeroplane to the army and navy experts has not been divulged; but it is probable that some bomb throwing exhibitions will be given. All of the battleships of the North Atlantic fleet are expected to arrive Tuesday and it is possible that the program will be delayed until the commander of the fleet has an opportunity to state his preference.

Whatever is done in that line will have to be according to the government schedule and not in conformity with the desires of the aviators. The tests are apt to be extremely rigid. They were for Wright when the art was in its infancy and now it has advanced almost to maturity, the government is sure to insist on severer trials.

All of the railroads are running excursions to Norfolk on account of the meet, and the Ledger-Dispatch has advertised it along the lines of all the roads entering that city. Norfolk expects to have for the three days a crowd equal to the best occasions of the exposition.
